MALAYSIA

Malaysia has some of the best tropical islands and beaches in the world. There is so much beauty, culture and warmth.

We want to share with you the essence of Kuala Lumpur. These are the places you must visit and the food you must taste.

1. We must begin with the world famous iconic landmark, known as the **PETRONAS Twin Towers**.
2. **Menara KL Tower** is easily Malaysia's most recognizable and popular landmark. Constructed in 1994, is the highest and has most spectacular view of the city. This gleaming tower's spindle-like apex is visible from almost anywhere in Kuala Lumpur.
3. **Batu Caves** during **Thaipusam** Batu Caves is the focal point of the annual Hindu festival of Thaipusam, which attracts thousands of devotees and visitors. In the past the festival has attracted more than one million pilgrims, making it one of the largest gatherings in the world.
4. It is said that the **Aquaria KLCC** is the largest aquarium in the world. Home to over 150 species of marine life, its star attractions include scary tiger sharks.
5. And you must taste:
 - **Nasi lemak** is frequently referred to as the national dish.
 - **Belacan** is essential to Malaysian cooking. It is a type of shrimp paste which is pressed into a block and sun-dried.
 - **Sago Gula Melaka**, a favourite dessert amongst Malaysians; pudding served with creamy coconut milk and palm sugar syrup.

There is so much to do and taste in Malaysia so come to the **ALOHA International Competition** and know the culture of this beautiful place!
